

MINIDOKA DAM ALMOST BUILT

Over 140,000 Acres Will Be Irrigated With Waters From Snake River.

CANALS COVER 165 MILES

EACH FARM WILL BE SUPPLIED WITH INDIVIDUAL PIPE.

Charles T. Harie, formerly city editor of The Salt Lake Herald, now a resident of Rupert, Ida., and publisher of the Rupert Record, is in Salt Lake. Rupert is a thriving little town of 300 inhabitants, situated in the center of the Minidoka territory and on the Minidoka branch of the Oregon Short Line.

"In the neighborhood of \$15,000,000 will be spent in irrigating the Minidoka district," said Mr. Harie last evening. "This project is working wonders for the southern portion of Idaho. When the dam and distributing canals are finished the Snake river will furnish water for the irrigation of 150,000 acres of farming land. The big dam at Minidoka is nearly completed. The main canal will be finished within sixty days, and the distributing canals in three or four months. The government is building sub-laterals, or troughs, which will carry the water to the different farms. Over 165 miles of these troughs and pipes will be built to reach the individual farms. In most irrigating systems built by the government the farm owners have piped water from main canals to their own farms at their own expense. In this instance the government has arranged to bring the water to each farm.

Farmers Not Predominant.

"The homesteaders are receiving the benefit of the government's work. The canals and distributaries are being built under no contract, and good wages are paid for eight hours' work. In this way those in the country now are making money. The inhabitants of Rupert are from every state in the Union, and represent nearly every form of substantial citizenship. Merchants, doctors, civil engineers, tradesmen and investors constitute the predominant element in the little town.

Land Values Climbing.

"There will be an influx of farmers from the east this fall. With crops gathered and the western homesteaders' rates on the easterners will come west and a large portion of this western travel will be directed toward the Minidoka territory. Land is selling at \$100 an acre at the present time, and it is expected will double in value the next spring. The project now under way is completed.

"Landholders will be offered water rights for \$5, to be paid in annual payments. If the water is turned into the canals by next April, as expected, the first payment will not come due until December. The farmers will have a year's use of water before they make the first payment, and if they cannot raise \$2.50 in that time, another year's time will be allowed. The payments will bear no interest.

Cement Floor for Dam.

"The work now on will build the finest irrigating system in the world. The dam will withstand any pressure and hold thousands of gallons. The floor will be made of cement, and in the event the cement floor will prevent seepage under the dam, preventing waste and eliminating the possibility of the water tunneling. The dam is constructed of concrete and steel. The large canals will be built in this manner also to make them capable of holding any size flow.

"During the summer the Snake gets low, but a reservoir, being built by the government, further up the river, will furnish water during the dry season. Lakes along the river will furnish an extra supply when needed. The dam will not only back up enough water to irrigate the 150,000 acres, but will furnish 20,000 horse-power. This will run factories and furnish a light plant and street car system with power when built. One-half of the acreage to be watered will be supplied by the gravity system. The canals will be built above the ground and on a gradual drop. The other half will be supplied by pumps."

PEASANT SHOT DEAD FOR REMONSTRATING

Yelisavetgrad, July 13.—Trouble broke out here last night when a convoy of political prisoners which had arrived during the day refused to go further. The guards beat the prisoners with the butts of their guns. One of the prisoners, a soldier who had served in a Vilna regiment, seized a gun from a guard, whose companions immediately shot the prisoner dead. A peasant, for remonstrating with the guards, was killed on the spot. The political prisoners fled in a body to the station cells, from which they fired at the guards, one of whom was wounded.

PRESENT TIME NOT PROPITIOUS

Visit of British Fleet to Russian Waters Postponed Until More Quiet Season.

THANKLESS TASK REFUSED

DMITRI SHIPOFF PASSES UP PREMIERSHIP.

St. Petersburg, July 13.—The visit of the British channel fleet to Russian waters has been postponed until a more propitious time.

The initiative in this decision came from Russia, which pointed out that the projected visit had been welcomed with lively satisfaction by the Russian government which saw in it an expression of sympathy for Russia on the part of Great Britain. Unfortunately, it is added, certain political parties in Great Britain and Russia formed a shap agitation with a view to connecting the visit with questions of Russian internal policy. The firm and loyal statements of the British minister for foreign affairs, Sir Edward Grey, brought the question back to its proper ground and was appreciated at St. Petersburg at its proper value. Nevertheless, in view of the political crisis which is passing over Russia, the government could not help feeling that the arrival of British ships at a Russian port might cause a recrudescence of the agitation and incidents of a nature to harm the future relations of Great Britain and Russia.

Premiership Refused.

The Associated Press learned from a reliable source that Emperor Nicholas has offered the premiership to Dmitri Shipoff, but that the latter refused the post on the ground that he is not a member of the majority party in parliament, and that the only possible cabinet in the present crisis is one composed of Constitutional Democrats. He holds, therefore, that he cannot even be a member of such a cabinet.

Prominent Constitutional Democrats think the premiership will now be offered to Count Heyden, who, though he has the sympathy of parliament, will be unable to form a cabinet, although scheduled for a place in the coming constitutional Democratic ministry.

The postponement of the visit of the British channel fleet to Cronstadt has caused much hilarity among the moderates, who look upon it as a sign that the government at last has awakened to its position and is ready to accept the moderate, conservative, on the other hand, look upon it as another victory for the constitutional Democratic ministry.

Seasoning is everything in a relish. That's why MOUNT'S Chow Chow is alone in its standard of excellence.

MARKET IS WELL SUPPLIED

Nearly Everything Is Cheaper but Hay Is Still Scarce—Raspberries Plenty.

There has never been a more excellent market than at present, though it is almost devoid of features. New potatoes are more plentiful and a trifle cheaper, and now sell at 8 pounds for 25 cents. Some hay arrived in the market yesterday, but not enough to have any appreciable effect on the shortage. Dealers say it will be scarce for at least ten days yet.

All sorts of fruit are about as cheap as they will be this season. Raspberries are coming in freely and may be bought at prices ranging from 5 cents a box to 15 cents. Utah peaches, apricots and apples are beginning to arrive, but are small as yet.

PIONEER PASSES AWAY.

William A. Ray, Who Came Here in 1857, Dies.

William A. Ray, a pioneer of Utah of 57, died at Garland Thursday of apoplexy. Mr. Ray was a native of Mississippi. For many years after coming to Utah he was engaged in the mercantile business in Millard county. He represented that county in the legislature of 1887-8. When the sugar factory was started at Garland some years ago he went there and engaged in the mercantile business.

Mr. Ray is survived by a wife and five children. His children are Lucian A. Will W. Don Boardland Miss Minnie Ray. The body was brought to Salt Lake yesterday for interment. The announcement of the funeral will be made as soon as the time of Miss Ray's return from California can be learned.

MINERS GOING BACK TO WORK

Compromise Effected With Operators of Central Bituminous District.

MEN GET INCREASED WAGES

EMPLOYEES WIN OUT ON "OPEN SHOP."

Harrisburg, Pa., July 13.—The men in the collieries of the central Pennsylvania bituminous coal district, numbering nearly 40,000, who have been idle since April 1, when the mines closed down because the operators would not restore the scale of 1905, will resume work on practically the same scale as 1905.

The agreement to do this was made today in a conference that was attended by prominent operators, President John Mitchell and Secretary Wilson of the United Mine Workers of America, and representatives of the districts in the affected territory. A conference was held in Philadelphia on Tuesday on which terms were made, and these were submitted to the districts, which sent their men here today to ratify them.

The discussion today was principally over the question of an "open shop." This principle was finally agreed to by the miners. An advance of 5.50 per cent in the scale paid prior to 1905, an eight-hour workday for all inside workers, a check weighman's fund and arbitration of all differences that may arise in future are features of the agreement.

The agreement is subject to ratification by a district convention which will probably be called by President Gilday for Clearfield on Tuesday next. The agreement is regarded as a compromise, the miners getting the wage advance and the operators the open shop, arbitration and check weighman points.

National Secretary Wilson when asked tonight regarding the agreement and scale made, said:

"The thing that gratifies us is that it gives us the 1905 scale of maps and that is all we contended for."

TAGGART FILES DEMURRER

Decision as to the Right of Indiana to Sue Will Be Rendered Today.

Pasli, Ind., July 13.—Quo warranto proceedings brought by the state of Indiana against the French Lick Springs and West Baden Hotel companies were heard today before Judge Thomas Huskirk.

Attorney General Miller represented the state, while the French Lick Springs Hotel company was defended by Alonzo G. Smith, former attorney general of Indiana; John W. Kern of Indianapolis, and attorneys from Pasli and Salem. The suit against the French Lick Springs Hotel company was taken up first.

Attorneys for the hotel company filed a demurrer, claiming the state had no legal capacity to sue. Thomas Taggart, president of the hotel company, sat by his attorneys. By agreement it was decided that the demurrer to the complaint should apply to the suits against both hotel companies.

After listening to arguments from attorneys representing the state and the French Lick Springs and West Baden Hotel companies, Judge Huskirk announced he would conclude the hearings and render a decision upon the issue to be decided is the move made by the state to secure an annulment of the charters of the hotel companies.

TOUGHS SOON SUBDUED.

Cody, Wyo., July 13.—On arrival of Sheriff Hammett and thirty deputies at Corbett tunnel, a government reclamation camp eight miles from Cody, the strikers who had terrorized the town and threatened to give battle to any force sent to quell them, surrendered without a struggle. They were paid off today and the ringleaders were compelled to leave the camp. Quiet now prevails at Corbett and no further trouble is anticipated.

TERRORISTS JUBILANT.

Odessa, July 13.—A revolution proclamation, clandestinely circulated today, jubilantly acclaims the death sentence "avengingly executed on Chouk-nin for the martyrdom of Lieutenant Schmidt," adding that all the leading bureaucratic enemies of the people will be similarly and summarily removed.

The proclamation was signed by the Odessa branch of the South Russian revolutionary league.

POOR SUFFER FOR BREAD.

Moscow, July 13.—The chief of police has ordered that the headquarters of the Bakers' union be closed and the president and officers of the organization banished. Military bakers have been put at the disposal of the city by the commander of the garrison on account of the cruel hardship which the bakers' strike has imposed on the poor.

RECEPTION AT CALDER'S

First Presidency, Apostles and Others Guests of Board of Directors.

The board of directors of Calder's park gave a reception yesterday afternoon and evening to the first presidency and apostles of the Mormon church and to about seventy-five others. Another guest of honor was Dr. J. L. Hughes of Toronto, who has been here addressing the summer school at the state university.

The program began at 5 p. m. H. S. Ensign sang a solo and F. Y. Taylor delivered an address of welcome, followed by a solo by George D. Pyper. Mrs. Susa Young Gates delivered an address, and Messrs. Pyper and Ensign rendered a duet.

President Joseph F. Smith made a few brief remarks congratulating the management of the park on the appearance and attractiveness of the resort. He recalled the fact many years ago he herded cattle on what is now the park site.

Emma Lucy Gates sang a song and W. C. Clive rendered a violin solo. The guests then went to the grove, where a dinner was served. After the dinner Dr. Hughes made an address in which he paid a high tribute to the people of Utah, and their hospitality.

The Jordan stake Sunday-schools will have an outing at the park today. The programme will include a track meet.

A CARD

This is to certify that all druggists are authorized to refund your money if Foley's Honey and Tar fails to cure your cough or cold. It stops the cough, heals the lungs and prevents serious results from a cold. Cures la grippe, coughs and prevents pneumonia and consumption. Contains no opiates. The genuine is in a yellow package. Refuse substitutes. F. J. Hill Drug Co., the never substitutors.

Sixty Years' Experience of an Old Nurse.

Mrs. Winslow's Soothing Syrup is the prescription of one of the best female physicians and nurses in the United States, and has been used for sixty years with never-failing success by millions of mothers for their children. During the process of teaching its value is incalculable. It relieves the child from pain, cures diarrhoea, griping in the bowels and wind colic. By giving health to the child it rests the mother. Price 12 cents a bottle.

How to Avoid Appendicitis.

Most victims of appendicitis are those who are habitually constipated. Orino Laxative Syrup cures chronic constipation by stimulating the liver and bowels and restores the natural action of the bowels. Orino Laxative Fruit Syrup does not nauseate or gripe and is mild and pleasant to take. Refuse substitutes. F. J. Hill Drug Co., the never substitutors.
